EUGENE McDOWELL COMMITTS SUICIDE

**Well-Known Printer Takes
His Life Following Financial
Reverses of the Last
Few Months.**

Eugene P. McDowell, aged 27, a well-known printer, who operates a printing shop in the Louisville and Nashville Terminal building, second floor, following financial reverses of the last few months, committed suicide in his office last night about 7 o'clock by swallowing a vial of carbolic acid.

Mr. McDowell had just telephoned home to his brother, G. B. McDowell, at 128 Grant street, and his wife that he would have to work late, and would not be able to keep an appointment with his wife and mother, Mrs. A. A. McDowell, to call on them to church. The two women left home alone on the next street car for church and he was several hours away from McDowell's death before they were apprised of the tragedy.

**Flush Your Blood
Get It Cleansed**

**Remarkable Remedy That
Works All Through
Your Body.**

When you put a tablespoonful of S. & S. into your stomach it gets straight into your blood. In less than five minutes it has become a wave of restorative influence wherever the blood has circulated. Does this read like magic? But it is absolutely true. The liver, skin and kidneys excrete it only after S. & S. has set in motion millions of cells and nerves to throw off the countless germs that have infected every part of the body. And as S. & S. continues to battle these troublesome pests that gather in the form of pimples, boils, eczema, acne, catarrh, rheumatism, and other so-called blood disorders, it causes into action a myriad of strange but well-understood corporate called leucocytes that actually devour or change or convert disease germs so they are readily and quickly cast out of the body. It is probably the best appreciated blood medicine known. You will find S. & S. in nearly every drug store in the U. S. Get a bottle today. And if your case is peculiar, write to the Medical Department, The Swift Specific Co., 195 Swift Bldg., Atlanta, Ga. It is conducted by a noted physician.

on the scene, being notified by Call Officer B. H. Hallett. A few minutes later G. B. McDowell arrived, and according to the statements of Joe L. Barnett, foreman of the McDowell printing shop, to Officer Hallett, McDowell had evidently carefully planned his suicide.

About 4:30 o'clock in the afternoon McDowell telephoned to the Weinberg pharmacy, corner Alabama and Pryor streets, for a 10-cent bottle of carbolic acid. Weinberg refused to let him have the acid, and McDowell called his attention to a notice on the wall of the shop and asked him to get out and get a bottle of carbolic acid to use in his office.

Barnett purchased the acid, brought it back, and left on another errand. He returned, according to his statements, about 5:15 o'clock, and found his employer in the toilet in the rear of the shop and asked him to get out and get a bottle of carbolic acid to use in his office.

"About 5:30 o'clock I left for supper and McDowell was evidently in good spirits. He complained of nothing, but told me that he would work late."

"He had been drinking some, and I had been drinking some, and I had been drinking some."

Did Not Answer.

Mr. McDowell was asked and asked Wallace to give me a lift as I could not get into the car, and I saw McDowell sitting perfectly natural at his desk, called to him again, but he did not answer. I said to Wallace, that I believed he was dead.

"I climbed through the window, and beside him I saw the carbolic acid bottle, drained of its contents, and an empty glass. I realized that I had been unwisely purchasing the acid with which McDowell intended killing himself."

The body was removed to Poe's church, where an inquest will be held this morning at 9 o'clock by Coroner Denno.

**Candidates for Ordinary
Make Addresses Tonight
To the Fifth Ward Club**

The Fifth Ward Improvement club will hold tonight, at 7:30 o'clock, at English avenue school, its most important meeting of the year.

The three candidates for ordinary of Fulton county have been invited to make addresses. Councilman Claude Mason, running on the Jeffries ticket, is announced as the speaker to represent that ticket. Paul Donohoe and Judge Hammond will be present to speak for themselves.

The annual election of officers of the club will take place. Nominations submitted at the last monthly meeting, to be finally voted on tonight, are the following:

President: A. C. Burton, J. H. Penn and C. H. Owens; first vice president, P. G. Bonifay; second vice president, J. G. Flournoy; secretary, J. N. Lee and J. H. Penn; assistant secretary, J. E. Parker.

For the past two years the past two years has been secretary, announced that he has definitely decided to make the race for council next summer. Councilman Jesse H. Madison, of the fifth ward, are serving their last year, and successors will be named next summer. Councilman Lee has announced that he will enter the race for alderman to succeed Madison.

The police committee, of which J. C. Pearce is chairman, will submit recommendations to the club, to be transmitted to the city council, through the fifth ward delegation.

The committee will recommend that the police committee be composed of men who have been on the force for many years and are now asking pensions, he is detailed to duty on the school grounds.

GOLDEN OPPORTUNITY FOR COTTON SPINNERS

**President Duncan Urges Mill
Men to Work for Expansion
of Trade.**

Boston, April 28.—A determined campaign for expansion of American trade should be made by manufacturers, declared Albert Green Duncan, of this city, president of the National Association of Cotton Manufacturers, in an address today at the annual convention of the organization, which closed here today.

"Manufacturers were harder hit than almost any other industry" in this country by conditions arising from the European war, and added:

"We are only beginning an improvement which we hope will be real and substantial."

Speaking of general business conditions, Mr. Duncan said:

"The natural sequence of our recent national politics and the fear of the legislative and executive branches against business."

"We will deny that there exist faults in business life, but there is no justification for the propaganda which has denounced all business as essentially corrupt and vicious."

"Corrective legislation is necessary for the exorcism of those faults which may grow out of our business, but corrective legislation is very different from the restrictive and punitive laws which now burden our statute books."

"Business will have to face many new problems in the next few years. At the close of the war we shall be the one nation that has gained in resources and power."

"The limitations on association activities in developing export trade were discussed by Professor Paul T. Cherington, of Harvard university, in a paper presented to the meeting. Professor Cherington urged greater individual initiative and effort on the part of manufacturers."

**BENSON NAMED CHIEF
OF NAVAL OPERATIONS**

Washington, April 28.—Secretary Daniels today appointed Captain William S. Benson as chief of operations of the navy.

Captain Benson, now in command of the Philadelphia navy yard, was appointed by President Wilson, subject to confirmation by the senate at the next session of congress.

He will take up his work next Saturday with the rank of rear admiral, while on the same day Rear Admiral Bradley A. Fiske, whose office as aid for operations is absorbed in the new post, will begin his duties as chief of staff of the Naval War college at Newport.

The chief of operations will face a tremendous task, the most important feature of which will be the preparation of plans, under the secretary's direction, for operation of the fleet in time of war and their movements in normal periods. In the absence of the secretary and the assistant secretary, he will be acting secretary of the navy. An assistant chief of operations, not below captain in rank, is to be named later.

HORSE TRADERS CLAN GATHER IN ATLANTA TO BURY THEIR DEAD

Two members of the Irish Horse Traders, who have died during the past year, were buried in Atlanta yesterday. The services were held in the church of the Immaculate Conception, which were attended by about 250 of the clan who had gathered in the city from various sections of the United States. After the ceremonies peculiar to the clan had been completed the traders disbanded to their several camps. It is the peculiar custom of these people to bury their dead only on April 28 of each year.

The dead were Eddie Carroll, aged 25, of Atlanta, who was buried in West View, and Kate Sherlock, 3 years old, of Waycross, who was buried in Oakland cemetery.

**SAYS PLUMBING THIEVES
ARE ACTIVE IN ATLANTA**

J. W. Stuchlick, of 148 Cooper street, complains to the police that the plumbing thieves are still as active in Atlanta as ever. He states that the lining of the water tank in his vacant house at 27 Fulton street has recently been carried away. Mr. Stuchlick also states that a large number of the vandals in the city have been robbing in like manner. He asks that the police be more active in watching such unprotected property.

SECOND AMERICAN NOTE IN REGARD TO THE FRYE

Washington, April 28.—A second note from the United States to Germany concerning the sinking of the American ship William P. Frye by the commerce raider Prinz Eitel Friedrich was dispatched to Berlin today. It is understood it accepts the German proposal to compensate the owners of the Frye under the terms of the old Prussian-American treaties of 1799 and 1824, regardless of any prize court decision.

These treaties provide that contraband belonging to the subjects of either party shall not be captured by the other in any case, but may be detained or used only in consideration of payment of the full value.

While willing to agree to payment of the full value, the United States stands by its original protest against the destruction of the ship as a violation of international law and again denies that the wheat cargo was contraband. No claim for the cargo was made, however, as it was sold en route to British dealers. An effort is said to have been made to attach the cargo to the ship.

In the latest note to narrow the application of the old treaties so that no precedent will be created warranting the judgment under them in future of claims against the American government under favored nation clause. There has been varying construction in the past of the treaties.

R. C. BERCKMANS HEADS THE ONE HUNDRED CLUB

Augusta, Ga., April 28.—(Special.)—The One Hundred club, mounted, will hold their annual field day exercises May 11 on the fair grounds race track, to be followed by a barbecue in the evening. Judge Henry C. Hammond, of this city, is president of the organization, and has refused a reelection, and R. C. Berckmans was chosen in his place. Other prominent Augustans fill the other offices, including T. J. Hickman as captain, commandant, and Rev. J. R. Sevier as chaplain.

Experiences comes high. Still, the automobile factories are busy.

The Junior Department (Third Floor)

**Sales of Children's Coats
of Junior Suits**

Two sales of importance for today in the Junior Department. The savings possible in both warrant the interest of mothers and young folk alike.

Children's \$7.50 to \$8.50 Coats, \$5.00
Sizes two to six years. And just the most charming collection of styles that a mother could ask for. Moires, Etamines, Bedford Cords. Some with high waist lines and broad velvet belts or leather belts, some are very long waisted with belts of self material. Just about any color you could want.

\$18.50 to \$20 Junior Suits, \$14.75
Shepherd checks, navy and Belgian blue serge and a scattering few of pongee suits. They are our own \$18.50 to \$20.00 suits, which tells that they are styled and tailored just as smartly and elegantly as ever these prices brought in the course of our regular business.

**Lovely Net and Organdie Dresses
For Young Women**

Many of them all white, for confirmation and graduation—others with a touch of color, for dancing, for evening wear.

All are so dainty, so fresh with their crisp, delicately shaded ribbons, with bits of chiffon in bodices, with an occasional spray or wreath of French flowers, with lace and embroidery insertions and ruffles on skirts—surely the Junior department is caring well for the dress needs of the young folk.

Priced at \$10.00 to \$35.00.

One Hundred Sixty-Five Silk Dresses in a Sale

Some of Them Just Arrived, Some of Them from Our Own Well Selected Stocks--Bringing in All a Very Complete Representation of the Accepted Modes

A Dress Occasion today. One that will benefit all who share in it. It is plainly and simply a time when we shall sell silk dresses for less than their worth.

\$7.85 Is the New Price. They are Worth \$25, \$29.75 to \$35

It is a collection of dresses that represent the fashions of the moment. One hundred sixty-five of them—it is rather impossible to give the details of so many, but to generalize they are:

Taffeta, Pussy Willow Taffeta, Poplin, Charmeuse, Crepe de Chine, Gros de Londre
In Blues, Black, Black and White, Sand, Putty, Battleship Gray, Greens—Every Color.

Styles for street wear, for traveling—a number of semi-dress styles. Noticeable points are the plentiful use of chiffon in bodices, the coatee effects, the suspender or jumper styles, the wide and plaited skirts, shirring at the waist and over the hips—and a fine sprinkling of

Just Arrived Plaid Taffeta Dresses---As Smart as Have Been Evolved This Season

With their full skirts often tucked, sometimes plain, and sometimes in deep ruffles, accordion pleated—sleeves of plain taffeta or chiffon.

It would be quite a feat to sell these regularly at \$25.00, but, through a fortunate purchase these are \$17.85.

New Evening Coats

We have in by today's express a little lot of particularly smart evening coats developed in golfine, silk crepes and broadcrests. One striking feature is the belt—often of a contrasting color and of such a light material that it can be gracefully tied. \$15.00 to \$25.00.

Twenty Exquisite Evening and Afternoon Dresses

Were \$75.00 to \$137.50 are \$39.50 to \$75.00

These are the "de luxe" editions of the moment's modes. Model dresses, since they are the one-of-a-kind copies of Paris models. Developed in richest fabrics of the season. White, delicate blues, pinks, grays, black—about every color. Coming at this moment, a rare opportunity.

**Good Looks and

M. at 8 o'clock and after the performance which will last less than an hour, a dance will be given at the Crystal Palace.

Miss Converse on Suffrage. An interesting feature of the reception given by the suffragists of the ninth ward yesterday afternoon was the talk on suffrage by Miss Sarah Converse. Miss Converse talked convincingly to a large and interested audience. The reception was given in honor of the ninth ward for the week for opera. The ninth ward for the rest of the week, and every one interested in suffrage is cordially invited to drop by headquarters, 217 Peachtree street.

Among those receiving yesterday afternoon were: Mrs. Frank Pitten, Mrs. McDougald, Miss Aurelia Hester, Mrs. N. C. Wing, Mrs. Moreland Spier, Mrs. Carter Cook and Mrs. A. J. Allen.

Tomato Croquettes. Bring one can of Tomato Soup to the boiling point, and thicken with a beating tablespoonful of cornstarch moistened with one-third of a cup of water. Add a tablespoonful of salt and sprinkle with paprika. Pour into a flat pan to cool and place on ice. Just before serving cut the jelly into cubes one inch and a half square, and dip each cube into a batter made of one egg and a cup of milk, salt to taste, one-half teaspoonful of baking powder and sugar to make sufficiently stiff to mash cubes thoroughly. Fry in boiling fat, drain and serve on a platter sprinkled with grated cheese. A nice substitute for meat at luncheon.

ASA CANDLER MAKES ADDRESS TO NURSES OF GRADY HOSPITAL

Sixteen nurses were graduated from the Grady Hospital Training school yesterday afternoon, diplomas being delivered to them by President E. W. Martin.

Asa G. Candler delivered the address and told the young women that Georgia expected great things of them.

Dr. Baxter Moore, of the Grady medical staff, presented class plans to the young women who received diplomas.

A full orchestra furnished delightful music for the occasion. Refreshments were served after the exercises.

The young women who received diplomas were:

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray hair, stimulate its growth and make it soft and glossy with this simple process, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Bacto Compound and 1/4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair of the head daily until the gray hair is darkened sufficiently, then wash with soap and water. This mixture relieves scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky, greasy and does not rub out. It will make a gray haired person look 10 to 20 years younger."

Human Factors in Telephone Service

It takes a lot of people working together intelligently and harmoniously with the best telephone equipment to give good telephone service.

The information operator, the engineer who plans for your future needs, the line tester, and the accountant who makes out your bills for telephone service, are a few of the many kinds of telephone workers who co-operate to make the Bell system the most efficient in the world.

The telephone service you receive daily is a part of the unequalled service of the vast Bell system. It has the best thought of a trained organization working together with the best telephone equipment and standardized methods to provide universal service for the American nation as a whole.

To realize such ideals your co-operation is necessary when you deal with telephone employees or with other telephone subscribers.

HANCOCK'S RESIDENCE ROBBED LAST NIGHT

Thieves entered the residence of W. A. Hancock, of 38 Pence de Leon, late last night while the family were attending the opera. Upon their return a large country ham was found stolen away under the back door step, but no trace of the burglar. The police were notified of the robbery and made an investigation. But Mr. Hancock was unable to state how much loot had been carried away.

LITTLE PIMPLES ON CHILD'S HEAD

Itched So Badly Could Not Rest. Covered Whole Top of Head. Cuticura Soap and Ointment Healed.

Cottage Grove, Tenn.—"When my little boy's trouble began his head itched and he would not sleep. He was so itchy that he could not rest; he could not sleep at night. We cut his hair just as close as we could. The eruption covered the whole top of his head.

"We tried different treatments but found no relief until we got Cuticura Soap and Ointment. I would wash his head with the Cuticura Soap and then use the Cuticura Ointment. I could tell that it was getting better from just a few applications. Cuticura Soap and Ointment healed his head." (Signed) Mrs. Ashley Riley, Nov. 6, 1914.

GASES USED BY GERMANS DEADLY TO THE BRITISH

Medical Expert Asserts Chlorine or Bromide Was Used. Victims Asphyxiated.

London, April 28.—Dr. John S. Haldane, who was sent to France to observe the effect of the gas used by the Germans in their attack on Ypres, reports that he examined several Canadians incapacitated by the gas.

"These men," he said, "were struggling for breath and were blue in the face. I ascertained that there was nothing to account for the blueness and their struggles in air, but they were suffering from asphyxiation, such as is caused by the inhalation of an irritant gas. Their statements were that they had been overwhelmed in the trenches by an irritant gas produced by the Germans. The gas was carried toward them by a gentle breeze.

Cause of Asphyxiation.

"One of the men died shortly after the attack. A post-mortem examination showed that death was due to asphyxiation and its secondary effects. There was no doubt that the asphyxiation was caused by the inhalation of an irritant gas. The gas was carried toward them by a gentle breeze. The gas was carried toward them by a gentle breeze. The gas was carried toward them by a gentle breeze.

When it reached our first trenches the gas was carried toward them by a gentle breeze. The gas was carried toward them by a gentle breeze. The gas was carried toward them by a gentle breeze.

Chlorine or Bromide.

"These symptoms and other facts pointed to the use of chlorine or bromide for the purpose of asphyxiation. There also are facts pointing to the use of chlorine or bromide for the purpose of asphyxiation. There also are facts pointing to the use of chlorine or bromide for the purpose of asphyxiation.

The effects are not those of any of the ordinary products of combustion of explosives. On this point the expert declared that he was not at all doubtful in his mind.

Dr. Haldane is in authority on the physiology of respiration. He has written on the subject and has been consulted by other special inquiries for government departments on public health questions.

mammoth sunken garden of color and glittering jewels. In writing of the scene it is hard to refrain from the good reference to "the diamond horse."

The audience last night lacked the slight constraint which usually shows itself at the performance of opera. They mingled freely between the act, strolling and chatting vociferously in the aisles and entrance of the auditorium.

PROSPERITY RETURNING, SAYS SECRETARY MADDOX

Muskogee, Okla., April 28.—A telegram from William C. Maddox, secretary of the treasury, expressing growing confidence in business conditions, despite the European war, and announcing that he would be unable to speak before the Southern Commercial conference here, as had been planned, was read to the convention today by Senator Duncan C. Fletcher, of Florida, president of the congress.

The telegram said in part: "The Southern Commercial conference has done fine service for the country and the youth in particular. It is a militant and effective organization and is certain to play an influential part in the future deliberations of the country."

"You meet under auspicious conditions. Confidence has been re-established in spite of the grave disturbances caused by the European war. Prosperity already has been restored and is growing in volume every day. Business with honor has been proceeding in the face of grave international difficulties."

"The dignity and rights of our country have been upheld with firmness and courtesy and in constant regard for the just rights of others. Our financial and economic strength is greater today than that of any nation on earth and our position is one of commanding possibility unless some calamity beyond the control of human agency shall intervene. The only thing that possibly can abide with us is prosperity."

"We can regard the present with thankfulness to God for the blessing of peace and look forward to the future with supreme confidence."

CONFERENCE CALLED ON UNEMPLOYMENT

Washington, April 28.—Commissioner General Cammiff, of the bureau of immigration, was today working out the details of a national conference on the subject of unemployment, the distribution of labor and a federal control over private employment offices doing an interstate business will be discussed.

Secretary Wilson, of the department of labor, who called the meeting, is sending invitations to the governors of the various states, mayors, heads of state labor bureaus and others to attend the conference. The purpose of the conference is to bring about the co-operation between the department of labor and state and municipal authorities so as to prevent duplication of work, bring about the efficient administration and more uniform methods.

Season's Greatest Audience Applauds Stars of "Carmen"

The Atlanta Auditorium staged two mood pieces last night—Bisect's "Carmen," and Geraldine Farrar's conception of the title role.

That this last will be the high-water mark of creative achievement in the Metropolitan company for some time is surely a safe prediction. At first the audience of Farrar's impersonation, even her appearance, was a surprise. Before she was half-way through the first act the marvel was that these three performers had been named any other kind of Carmen than Farrar made her.

The women in history have made and named men have not usually been beautiful, and not always refined. In romance they are. Farrar's cigarette girl, holding in the hollow of her throat the little white world, belonged in the first class. She was not plump and white and pretty, but she was a live woman, impassioned, humble and ready with every ingenuity of the woman who is both fascinating and unscrupulous to gain the admiration that is her food and drink, and then to cast it aside for a new relish.

In New York the criticism of Farrar's first performance of Carmen was that it was too intellectual, but that it would develop, as do all her roles. Both statements are still true. Intellectual is her conception. In that every glance of the eye, every movement, every intonation, in the glance, the movement, the intonation, which at the particular moment, describes the intellectual is her conception. In that every glance of the eye, every movement, every intonation, in the glance, the movement, the intonation, which at the particular moment, describes the intellectual is her conception.

Three Nuns Killed by German Shells.

Paris, April 28.—Three hundred refugees from Roperich, eight miles west of Ypres, which has come under the fire of German artillery, have arrived in this city on special trains. Most of them are inmates of a orphanage and a home for the aged, conducted by Benedictine nuns.

When the bombardment of Roperich was begun on Sunday the sisters declare the institutions were not injured, although there were flying the Red Cross flag. Three nuns were killed while supervising the removal of their charges and several of the inmates were wounded.

Another conspicuous feature of the production was Madame Alda's beautiful singing of *Mexalia* two opportunities.

The area in the third act she made memorable in its tonal purity and the delicacy of spirit which describes the gentle sweetness of the sister of Jose. The lyric beauty of Martin's voice found ideal opportunity in the scene which is the inevitable march of the strong features in a superb episode.

Clarence Whitehead, "Toreador" had less of abundance than the usual "Toreador," but there was no lack of poise and power in his work.

Leonora Sparks and Sophie Braslau did some delicate and pleasing work, and Rother, Leonard, Bada and Terani completed the cast.

All the five and six and passion of the story Polanco breathed through the orchestra, and was brought before the curtain to answer many calls.

The chorus sang by their vigorous work, which is as perfect in the subdued passages as in the brilliance of climax, provided an interesting part of the production.

Adams Gail, premiere danseuse, expressed an spontaneous sympathy for the singers the spirit of music, and the ballet music, which ends in white-wind velocity, was beautifully interpreted.

MEN AND WOMEN NAMED FOR THE HALL OF FAME

New York, April 28.—The names of twenty-six widely known men and women to fill vacancies created by deaths in the roll of one hundred doctors of the hall of fame at New York university were announced today.

The twenty-six are: President John G. Hibben, of Princeton university; Dr. Alexander Graham Bell, Major General George W. Goethals, George W. Coble, Whiston Churchill, James Whitcomb Riley, Miss Ida M. Doolittle, Mrs. Helen K. Clark, Supreme Court Justice Charles E. Hughes and William H. Day, William Howard Taft, Walter Hines Page, John Sharp Williams, Senator Joseph R. Cannon, Senator Charles McNary, Senator John R. Mott, Myron T. Herrick, James Douglas, mining engineer, of New York; Gilbert H. Gary, Arthur J. Brown, of New York; Robert S. Brookings, of St. Louis, and Henry Watterson.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or looked thin, she applied Sage and Sulphur. She was asking for any good hair dressing, you will find it in a bottle of Sage and Sulphur. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, itching scalp and falling hair. A well-known downtown druggist saves everybody who uses Sage and Sulphur, because it darkens so naturally, and even if that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Crackers on Road—Boxing Match Tonight
Three Straights From Gulls;
Sid Smith's Pinch Hit Wins;
Lee Makes Sensational Catch

By Dick Jensen.

The Crackers made a clean sweep of the three-game series with the Mobile Gulls when they capped the Wednesday matinee, which was witnessed by several of the Metropolitan grand opera stars, by the score of 7 to 2.

Manning and Hawkins were the opposing stars, with odds about even. Manning's hitting ability figuring in the run getting material and Lee, who made the beautiful catch of the ball, Williams tied Lee with a single to left.

The Gulls tied it in their half of the seventh. Doherty doubled to the first base in left field. Cowan singled to center and Moran pegged Doherty out at the plate. Cowan going to second on the throw to the plate. Northern scored Cowan with a single to right.

Manning walked to start the Crackers' eighth. Lee popped to Calhoun, who made a beautiful catch of the ball. Williams hit to Calhoun, who made a nice play in beating him to the base. Manning scored to second. Sid Smith scored Manning with a pinch hit. Lee was the winning run when he doubled to center. Manning singled to left, but the Gulls were easy in their half of the ninth.

Lee's Great Catch.
The individual defining feature of the game was pulled by Billy Lee, who was stationed in left field in place of Timon Rowden. Lee crashed, but held on the left field bleacher fence after Northern's foul in the third inning, but held on to the ball.

Moran's peg to the plate in the seventh, and two successive plays by Calhoun, who made the beautiful catch of the ball, Manning scored to second. Sid Smith scored Manning with a pinch hit. Lee was the winning run when he doubled to center. Manning singled to left, but the Gulls were easy in their half of the ninth.

The umpires had several close ones during the game, and they caused a yell to be raised by both sides.

How They Scored.
The Gulls got off to a one-run lead in the opener. With one gone, Powell slammed a double to center. Perry hit him with a batted ball and he was out. Schmidt hit to right, who booted, and Perry took third. He scored when Calhoun cracked a single to right field.

The Crackers grabbed the lead in their half of the third. With two gone Manning smashed one to center. Behl and tallied when Lee slammed one down the third-base line for two runs.

Crackers LEAVE

TO PLAY BIRDS

Meet Johnny Dobbs' Men in New Orleans in Four-Game Series, Starting Today.

DETAIL THE GAME.

The game between the Crackers and the Pelicans at New Orleans today, starting at 3:15 o'clock, will be called play by play by Dick Jensen.

The Crackers left Atlanta yesterday afternoon at 5:40 o'clock for New Orleans, where they today open up a four-game series with the New Orleans Pelicans, which lasts through Sunday.

The Crackers will present a stronger battle front against the Pelicans on their visit to Pelicanville than they did when the Pelicans paid us a visit, and we have an old score to settle.

The Pelicans won three out of the four games of the first series, but the hopes of doing the same thing in New Orleans are not so bright.

After the series with the Birds the Crackers return home for a four-game series with the Birmingham, Chattanooga, Memphis, Little Rock and Nashville in the series, four games each.

If the locals get an even break in the series with the Birds, when they get home for that long stay they're going to make it interesting for some one.

Manning, Niederkorn and Pitcher Williams did not make the trip. Manning was announced that Dent would tally today.

SECOND OPENING OF
STATE LEAGUE TEAMS

Waycross, Americus and Valdosta Open at Home Today in Fight for Trophy.

In the fight for the handsome Chero-Cola company's attendance trophy to be presented to the city with the largest paid attendance on opening day, the second series of games are staged today.

Waycross, Americus and Valdosta, which have been the road teams since the opening of the season Monday, will open at home today, and the majority of these three cities have issued a proclamation declaring the day a half holiday to help their cities "kop the K.".

Duluth, with 7,291 paid admissions in the city that the three cities that open today will have to beat to win the trophy. And they will make strenuous efforts to do so.

The second series of games are scheduled as follows:
Thomasville in Americus.
Brunswick in Valdosta.
Duluth in Waycross.

"STONEWALL" JACKSON FARM TO BE A PARK

Weston, W. Va., April 28.—The farm, on which General Stonewall Jackson was raised, is to be transformed into a public park, according to an announcement today by the traction company which has purchased the property. The old homestead was destroyed by fire recently, but the great mill, in which the confederate general worked during his boyhood, is still standing. The place has been named "Stonewall Jackson Park."

STOCK MARKET FIRM AND STABLE

Tone Indicates General Belief in Steady, Profitable Business by Our Industries and Railroads.

New York, April 28.—Activity and strength were most pronounced on the stock exchange today in local transactions and a few of the industrial and equipment issues whose companies are furnishing large supplies to foreign belligerents. Not until the final hour did the usual speculative favorites participate in more than small degree in the day's operation.

Interborough-Metropolitan common stock advanced and Westinghouse over-shadowed all other issues during the first four hours. The general advance of the last hour was an announcement that the \$40,000,000 of the Baltimore and Ohio 4 per cent notes offered in New York had been subscribed. A few important stocks failed to share in the day's recovery, but a strong undercurrent prevailed at the close, even secondary railroads advancing spiritedly. United States Steel rose in fair demand throughout the session.

Total sales of stocks, \$94,000 shares. In addition to the Baltimore and Ohio note issue, the following were prominent: Pennsylvania and New York Central with forthcoming floatations, presaging the form of the bond market. New York Central debenture 4s were the feature of the latter part of the session, several years, contributing about 75 to 100 points to the day's total (par value). The United States bonds unchanged on the New York Stock.

GOOD MEAT PROFITABLE CROPS

Substantial Gains Due to Foreign Inquiries, Poor Showing by Pastures and Hay and Rain Showers.

Chicago, April 28.—Wheat took an early upward swing after an evening downturn, followed by active foreign demand with official reports of moisture showers, though, but in bringing about the rebound. Closed corn gained 1-1/2 to 1-3/4 cents, while soybeans advanced 1-1/2 to 1-3/4 cents. Provisions closed from a shade decline to a rise of 5 cents.

At first a majority of wheat traders had seemed disposed to view the evening advance as a Liverpool quote. The general advance of the last hour was an announcement that the \$40,000,000 of the Baltimore and Ohio 4 per cent notes offered in New York had been subscribed. A few important stocks failed to share in the day's recovery, but a strong undercurrent prevailed at the close, even secondary railroads advancing spiritedly. PROFITABLE CROPS DISASTROUS TO CROPS

Longest in Forty Years Over Entire Eastern Section of United States.

Washington, April 28.—The longest early spring drought in more than forty years now has been broken in the United States. The National Weekly Weather Bureau bulletin, issued today, states that the drought, which had been in progress since the middle of March, has been broken by a heavy rain fall over the entire eastern section of the United States. The drought, which had been in progress since the middle of March, has been broken by a heavy rain fall over the entire eastern section of the United States.

The United States bonds unchanged on the New York Stock.

While it is hardly probable that bidding for this April will equal building for last April, the large amount of the permits issued this week has permitted that there will be no great deficit for the month. Over \$30,000 permits for the week has greatly assisted the month's total to date, which now \$417,847. Last April showed a surplus for the month of \$455,000.

Woodward Avenue Sale.

Arthur M. Reid has sold for Dr. J. Malone to Mrs. E. F. Huhen, No. 198 Woodward avenue, a residence, for a

Piles for Connally Building.
New York engineers, who have been in Atlanta some time inspecting the foundation of the Connally building, have decided that it will be necessary to drive piles to the old steel frame of the office building on. This work will be started at once, as soon as piling machinery can be brought here. They are going to use the same type of equipment and mud and water, which it is impossible for the concrete braces to carry the weight for the building.
